

FRUEHAUF

Speed with safety

Quick-Slide

Rapid tarp removal

The new Quick-Slide body is one of the latest innovations from FRUEHAUF allowing a saving in downtime.

Speed with safety

Less than 2 minutes needed to remove and replace the tarpaulin. Fitted with 3 vertical belts and a tarpaulin with sliding stanchions, the system has no side boards, making handling easier and thus vehicle downtime is reduced during loading and unloading. Load restrained by telescopic girder.

Ergonomic body without side board

Tarpaulin folds completely in front, at the rear and in the centre

Body with sliding stanchions

3 vertical belts to hold the tarpaulin

The Quick-Slide is compatible with used vehicles
